

## Blade Fuse Holders - FLR PCB Fuse Holder for ATO® Style Blade Fuse Rated 80V

RoHS

### Specifications

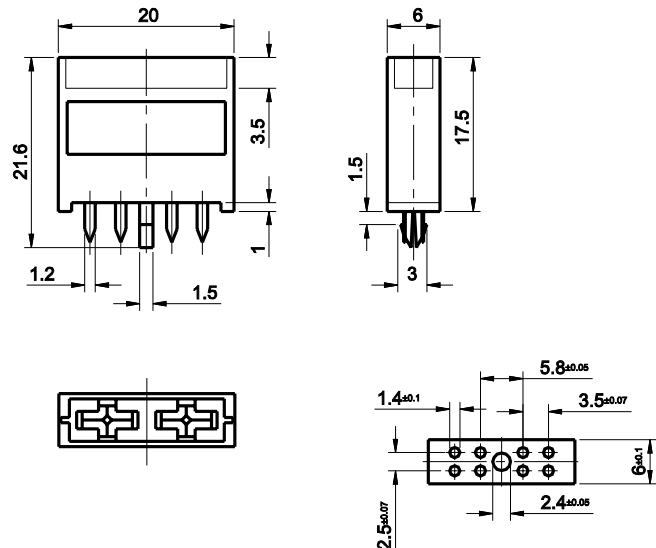

**Housing:** Out of thermoplastic (UL 94-V0, heat-resistant)  
**Connections:** Leaf spring connector systems, soldering terminals (4 pins each), copper alloy, silver plated  
**Color:** Black  
**Packaging:** Black

| Series        | Pack Size |
|---------------|-----------|
| 178.6165.xxx1 | 100       |
| 178.6165.xxx2 | 500       |

PCB Fuse Holder for ATO / FKS size fuse-links. For through hole soldering. Rated voltage 80V.

PCB-Sicherungshalter für Sicherungen in ATO / FKS-Größe. Durchlötmontage, Nennspannung 80V.

### Dimensions in mm / Maße in mm

| Part Number<br>Artikel-Nr. | Description<br>Beschreibung | Contact Temperature<br>Kontakttemperatur |
